

Oryzon Genomics to Present at the 19th Annual BIO CEO & Investor Conference 2017

Barcelona, Spain and Cambridge, Massachusetts. – February 6, 2017 – Oryzon Genomics (ISIN Code: ES0167733015, ORY), a public clinical-stage biopharmaceutical company leveraging epigenetics to develop therapies in diseases with strong unmet medical need, announced today that Dr. Carlos Buesa, Oryzon's Chief Executive Officer, is scheduled to present at the 2017 BIO CEO & Investor Conference being held February 13-14, 2017 at the Waldorf Astoria Hotel in New York City.

Dr. Buesa's presentation will take place on Monday, February 13th 2017 at 9:30am EST in the Conrad room during the conference's CNS/Neurological Track.

In addition, any investor attending the conference that wish to meet with Oryzon's management can also contact our IR firm the Trout Group (mkelman@troutgroup.com) and our IR Director Anna Baran-Djokovic at abaran@oryzon.com.

The BIO CEO & Investor Conference is one of the largest investor conferences focused on established and emerging publicly traded biotech companies. The conference's mission is to support industry-wide success, and to present a broad and unbiased view of investment opportunities.

Each year the BIO CEO & Investor Conference provides a neutral forum where institutional investors, industry analysts, and senior biotechnology executives have the opportunity to shape the future investment landscape of the biotechnology industry.

About Oryzon

Founded in 2000 in Barcelona, Spain, Oryzon (ISIN Code: ES0167733015) is a clinical stage biopharmaceutical company considered as the European champion in Epigenetics. The company has one of the strongest portfolios in the field and a clinical asset already partnered with Roche. Oryzon's LSD1 program is currently covered by + 20 patent families and has rendered two compounds in clinical trials. In addition, Oryzon has ongoing programs for developing inhibitors against other epigenetic targets. The company has a strong technological platform for biomarker identification and performs biomarker and target validation for a variety of malignant and neurodegenerative diseases. Oryzon's strategy is to develop first in class compounds against novel epigenetic targets through Phase II clinical trials, at which point it is decided on a case-by-case basis to either keep the development in-house or to partner or outlicense the compound for late stage development and commercialization. The company has offices in Barcelona and Cambridge, Massachusetts. For more information, visit www.oryzon.com.
