

Oryzon Genomics to Present at the 18th Annual BIO CEO & Investor Conference 2016

Barcelona, Spain and Cambridge, Massachusetts. – February 2, 2016 – Oryzon Genomics (ISIN Code: ES0167733015), a clinical stage biopharmaceutical company leveraging epigenetics to develop therapies in oncology and neurodegenerative diseases, announced today that Dr. Carlos Buesa, Oryzon's Chief Executive Officer, is scheduled to present at the 2016 BIO CEO & Investor Conference being held February 8-9, 2016 at the Waldorf Astoria Hotel in New York City.

Dr. Buesa's presentation will take place on Monday, February 8th 2016 at 1 pm EST in the Louis XVI room during the conference's Oncology Track.

BIO CEO & Investor Conference is one of the largest annual conferences dedicated to publicly traded as well as private biotech companies. It is an investor and networking conference dedicated towards providing an excellent opportunity to biotechnology and life sciences companies to present to, and meet with, institutional investors, analysts and pharmaceutical executives. The event includes plenary sessions, educational sessions, company presentations, and one-on-one meetings.

Oryzon's management will also be available for one-on-one meetings at the conference.

About Oryzon

Founded in 2000 in Barcelona, Spain, Oryzon (ISIN Code: ES0167733015), is a clinical stage biopharmaceutical company considered the European champion in Epigenetics. The company has one of the strongest portfolios in the field and a clinical asset already partnered with ROCHE. Oryzon's LSD1 program is currently covered by 19 patent families and has rendered one compound in clinical trials and another one is anticipated to enter clinical trials in early 2016. In addition, Oryzon has ongoing programs for developing inhibitors against other epigenetic targets. The company has a strong technological platform for biomarker identification and performs biomarker and target validation for a variety of malignant and neurodegenerative diseases. Oryzon's strategy is to develop first in class compounds against novel epigenetic targets through Phase II clinical trials, at which point it is decided on a case-by-case basis to either keep the development in-house or to partner or out-license the compound for late stage development and commercialization. The company has offices in Barcelona and Cambridge, Massachusetts. For more information, visit www.oryzon.com.
